An Interesting Website (The Northern Ireland Group website)	Gareth Morgan	19
Bracken and Fungi - an Introduction	Gareth Morgan	20
Scarlet Elfcup	Gareth Morgan	21
The Phantom Fungus (Naepi-Fals), An Experiment.	Graham Park	31
Lichens - 1. An Introduction	Heather Colls	5
Lichens - 2 By their fruits ye shall know them	Heather Colls	6
Lichens - 3 <i>Cladonia</i> - A Genus of lichen which stands out from the others	Heather Colls	7
Lichens - 4. The algae in lichens	Heather Colls	8
A Quick Guide to British Species of Polypore -and a County First.	Jo Weightman	32
<i>Battarrea phalloides</i> Sandy stilt Puffball a new Hereford record	Jo Weightman	34
Dark Gill Edges - or Fungal Palmistry?	Jo Weightman	15
Doubtful Friends & Parasites	Jo Weightman	21
Field Recognition of some <i>Marasmius</i> species	Jo Weightman	13
Fungus on an insect - Flying in or Flying out?	Jo Weightman	11
<i>Hydropus scabripes</i>	Jo Weightman	13
Invisible Clues (some tell-tale features to help ID particular fungi)	Jo Weightman	30
Look out forinteresting Ganodermas	Jo Weightman	18
Look out for Lesser Known Relatives	Jo Weightman	22
Look out for <i>Resinomyces saccharifera</i> & <i>Epithele typhae</i>	Jo Weightman	14
Memories of Ray Bray	Jo Weightman	27
Notes on some Larger Jelly Fungi. Parasites and saprophytes.	Jo Weightman	31
Observations and Musings - a Telling of Beads	Jo Weightman	27
Pholiotas in VC 36	Jo Weightman	19
<i>Piptoporus quercinus</i> - a new site	Jo Weightman	26
<i>Schizophyllum amplum</i>	Jo Weightman	25
Small Fan-like Fungi	Jo Weightman	20
Small <i>Mycenas et al.</i> 3. More of the <i>al</i> than the <i>Mycenas</i>	Jo Weightman	8
Small white <i>Mycenas et al.</i> 1 Spare them a second glance	Jo Weightman	6
Small white <i>Mycenas et al.</i> 2 The next six	Jo Weightman	7
Some Conifer Species to Die for	Jo Weightman	29

Title - NB Bold type indicates that there has been some clarification of the title added to the entry	Author(s)	Issue(s)
Spring Fungi Alert - some Spring species to look out for	Jo Weightman	17
The 'Bad Hair Day' Milkcaps - a selection of <i>Lactarius</i> spp.	Jo Weightman	23
The <i>Geastrum</i> Saga (<i>Geastrum britannicum</i>)	Jo Weightman	29
Variation on a Theme - Pores are Pores and Gills are Gills - or are they?	Jo Weightman	24
Some suggestions for books to get started with fungus identification	Jo Weightman & others	17
Hoof Fungus (<i>Fomes fomentarius</i>) at the Devil's Spittleful Nature Reserve	John Bingham	23
How Accurate are Records?	John Roberts	17
Mary Hunt - a tribute	John Roberts	34
Golden Eye Lichen - <i>Telochistes chrysophthalmus</i>	Joy Ricketts	15
Fungal Fragments: Medicinal uses of fungi	Mary Hunt	9
Fungal Fragments: waxcaps stop building development	Mary Hunt	13
Fungi in towns - Mary's Musings	Mary Hunt	10
Mixed-up-Mycetes	Mary Hunt	12
Focus Stacking as an Aid to Fungus Photography	Michael Valentine	29
<i>Sarcoscypha austriaca</i> - Orange Colour Variation (a phenomenon worth looking out for)	Michael Valentine	30
Fungi as a source of natural dyes and paper Part 1: fungi as dye agents	Neville Wilde	10
Fungi as a source of natural dyes and paper Part 2: Fungi for paper-making	Neville Wilde	11
Elizabethan pickled mushrooms	Nick	16
Tagliatelli Fungi Balsamico	Nick	18
Notes from a Novice (<i>Flammulina velutipes</i>)	Patricia Morgan	29
Ectomycorrhizal <i>Ramaria</i> Species in Britain - a key to these species	Peter Roberts	18
New Records of Radnorshire Fungi	Peter Roberts	23
Fungal Fragments: Beatrix Potter	Ray Bray	7
Fungal Fragments: Carleton Rea	Ray Bray	7
Hawthorn Powdery Mildew	Ray Bray	9
Microfungi on Common Thistles	Ray Bray	8
Myxo studies - Pass the Parcel	Ray Bray	3
Rusts on willowherbs	Ray Bray	11
Some Microfungi on Common Buttercups	Ray Bray	9
<i>Sphaeropsis visci</i> and other microfungi on mistletoe	Ray Bray	7
The ear fungus	Ray Bray	4
Edited Notes from the BMS Goup Leaders' Meeting (16 - 18 June 2006)	Richard Iliffe (edited)	12
Fungus Foray at Turnastone finds rare species (<i>Clavaria rosea</i> & <i>Entoloma bloxamii</i>)	Robert & Chrissy Fraser	15
A Pink Bracket (<i>Hypomyces rosellus</i> on <i>Stereum hirsutum</i>)	Roger Evans	25
An Uncommon Earthtongue - <i>Cordyceps gracilis</i>	Roger Evans	16
Beware the Grass: a cautionary tale	Roger Evans	13
Busy Lizzie Plague hits the Borders	Roger Evans	22
Fluorescent Fruit Bodies?	Roger Evans	14

Title - NB Bold type indicates that there has been some clarification of the title added to the entry	Author(s)	Issue(s)
Fungal Fragments: Mushrooms can create air currents to aid spore dispersal	Roger Evans	27
Fungal Fragments: 'Musical Slime Moulds'	Roger Evans	22
Fungal Fragments: The stinkhorn	Roger Evans	10
Fungal Fragments: The Fungal Destroyers [of food crops]	Roger Evans	27
Fungi in Water	Roger Evans	16
What a Treasure!! (<i>Tuber aestivum</i>)	Roger Evans	15
<i>Oxygena equina</i> on the Black Hill	Rupert Higgins	29
Fungal Fragments: <i>H. laeta</i> changes colour under fluorescent low wattage bulbs	Shelly & Mike Stroud	13
Fungal Fragments: <i>Paneolus fimicola</i> spores	Shelly & Mike Stroud	12
Further to <i>Byssomerulius corium</i>	Shelly & Mike Stroud	25
<i>Hydropus subalpinus</i> : Rare, or just unreported?	Shelly & Mike Stroud	10
<i>Ustilago maydis</i> - The Maize Maze	Shelly & Mike Stroud	12
<i>Volvariella pusilla</i>	Shelly & Mike Stroud	11
Know your Host Plants: 1 Three common ferns	Stephanie Thomson	6
Know your Host Plants: 2. Self-heal, Bugle and Ground Ivy	Stephanie Thomson	7
Know your Host Plants: 3. Creeping, Spear and Marsh Thistle	Stephanie Thomson	8
Know your Host Plants: 4. Buttercups	Stephanie Thomson	9
Know your Host Plants: 5. Epilobiums - Willowherbs	Stephanie Thomson	11
Fungal Folklore & Mythology: 1. The Stinkhorn	Steve Rolph	14
Fungal Folklore & Mythology: 2. The Fairy Ring Mushroom	Steve Rolph	16
Truffles in History, Myth & Folklore	Steve Rolph	18
"A Foray amongst the Funguses" and the exceptional Dr. Bull	Ted Blackwell	19
